CEA ELECTRIC CO.,LTD

Company Profile

CEA ELECTRIC CO.,LTD

CEA Electric Co.,Ltd., founded in 2008, is a company focusing on energy storage power supply and solutions, integrating product R & D, production and sales. It is rewarded as national green factory, national green supply chain enterprise, national "little giant company" (focus on a market niche and master key technologies with strong innovation capacity), national high-tech enterprise and national intellectual property advantage enterprise.

CEA is a global leader in the fields of photovoltaic energy storage integration and off-grid independent power supply systems. It provides energy storage products with stable performance and excellent quality and integrated after-sales services in remote areas or in the environment where mains electricity cannot be accessed, so as to provide customers with reliable living power guarantee.

The lithium iron phosphate battery portable outdoor energy storage power supply and household emergency energy storage power supply developed by CEA have obtained the certificates of ETL, TUV and PSE, etc. They have the characteristics of safety and reliability, ultra-long life span, multi-way charging, long battery life, and environmental protection.

We believe that CEA energy storage off-grid power supply system is one of the best programs to meet people's independent power supply needs, and it contributes to clean energy, low-carbon, environmental protection and realization of human sustainable development.

CEA Portable Power Station

Portable Power Station

CEA power station has the following characteristics:

Long operating hours, long life time:

LiFePO4 battery cell, safe and reliable, high battery recycle times, long service life, excellent quality, multiple charging ways, small size and lightweight, convenient to take around.

Strict quality control:

Incoming quality control, sub-capacity, cell test, PCB test, semi-finished product test, aging test, finished product test, finished product inspection, QA sampling

Multiple use occasions, multiple devices compatible

Could be used as household back up energy, outdoor live broadcast energy, camping energy, night market energy.

Support with MPPT solar board, built-in SEC technology and BMS, ensure the safety.

Smart operating control, smart LCD display.

Pure sine wave inverter, reliable output:

Smart protection includes: overcharge protection, low voltage protection, short circuit protection, over current protection, high and low temperature protection.

Application:

TV, Projector, Juicer, MINI Fridge, Rice cooker, Oven, Printer, Drone, Beauty lamp, Audio, Fan, Cutting machine, Electric drill, Camera, Camping lamp, CPAP etc.

CEA Mobile Power Station

5KW 5120WH

Functional Parameters

CEA's mission is to provide solutions on human's requirement of power usage in an environmentally friendly and sustainable way, which does no harm to our planet. Our portable power station EA5000-5120WH-1YE, 5KW/5120WH is designed with LiFePO4 battery, which can replace 5 KW gasoline generator. It can be used in different occasions, but with less noise. Matching with solar board charging, it is an eco way to produce energy without pollution.

Expandability

3kW and 5kW portable power station is battery expandable.

We have choice on battery expansion either single battery on top of portable power station or have battery modules loaded on separate trolley.

3kW battery module is 3072WH each piece,each trolley could load 3 modules,max capacity up to 18432WH.

5kW battery module is 5120WH each piece,each trolley could load 3 modules,max capacity up to 30720WH.

Trolley is equipped with 2 universal wheel and 2 main wheel,3 layers frame is removable and could be hung up with a ring on top frame.And it is also equipped with foldable handle,easy to move around.Add up to 6 expansion batteries for a total of 30720Wh of battery storage.

EV-60A-65D

Product name	EV-60A-65D
Charging voltage	DC CHARGER/AC380V
Charging standard	CCS1/CCS2/CHAdeMO/GBT//Tesla
Type of Battery	LiFePO4
Nominal capacity	65KWh
Charge rate	0.5C
Discharge rate	1C
Battery voltage	614.4V
Depth of discharge	80%
Charge Cycles	6000
Cell type	LiFePO4
Pack voltage	614.4V
Rated voltage	3.2V
Rated current	105A
Cooling method	LIQUID COOLANT
IP level	IP54
Isolation method	Direct Detection
Rated Power	60 KW
Output Voltage	DC200V-750V
Output Current	0-150A
Charging mode	60KW DC Fast Charging
Safety Protections	Overvoltage、 Overcurrent、 Low-voltage、 ESD、 Lighting、 Overcharge、 Overload、 Fire、 Overheat、 Waterproof、 Leakage and Chip Protection
Communication Protocol	OCPP
Networking method	4G Module
Networking protocol	OCPP Network
Charging GUN	CCS1/CCS2/CHAdeMO/GBT//Tesla
Cable Length	7 Meters(Customizable)
HMI	7-inch touch screen (charging station)
Language	English(Customizable)
Dimension L*W*H/mm	1500*965*1050
Weight/kG	900KG
Operating temperature/°C	-10°C-60°C
Altitude/m	2000m
Noise/dB	≤60dB
Relative humidity/RH	5%~95%RH, non-condensing
Certificate	CE

What is Mobile Power Station?

CEA Mobile Power Station is a reliable battery-powered storage system coming in different sizes and power capacities to meet your needs. With multiple outlets like AC, DC, carport and USB, you can charge all your devices like phones, laptops, refrigerator, CPAP, heater and more devices.

The CEA portable power station is a dependable backup power source that is easy to use and lasts for years with almost no maintenance required. It always has your back and leaves you peace of mind when you're camping, traveling in an RV or experiencing a power outage.
